

GECTT-1

By Killark
Catalog # [GECTT-1](#)

1/2" GEC Outlet Body T-Type.

*Representative Image

Features

- Water shedding cover – suitable for wet locations when mounted in upright position.
- External cover threads on body protecting conductors from damage during pulling.
- No pinching of conductors during cover installation.
- Taper threaded hubs to provide ground continuity.
- Smooth integral hub bushing to protect conductor insulation when pulling.
- Internally threaded cover openings for additional wiring room.
- Covers furnished with boxes.
- Weather-resistant finish.
- Green ground screw standard.

Application

Conduit boxes installed in conduit systems within hazardous areas to: protect conductors in threaded rigid conduit, act as pull and splice boxes, interconnect lengths of conduit, change conduit direction, and provide access to conductors for maintenance and future system changes.
