

Decora Smart® 600W Dimmer (2nd Gen)

APPLICATION

Decora Smart Wi-Fi 2nd Generation devices connect to a Wi-Fi network and the My Leviton app to provide wireless lighting control. Leviton's Wi-Fi 2nd Gen Dimmer makes it easier than ever to add smart lighting control possibilities to any room or home. Connect to your smart home platform of choice – works with Matter, Amazon Alexa, Google Assistant, Apple Home/Siri, and more. Use your voice or your mobile device with the My Leviton app even when you're away from home. Decora Smart dimmers feature full-range dimming performance and custom settings for preset light levels, fade rates, and bulb compatibility.

The Wi-Fi 2nd Gen Dimmer includes wire leads, a shallow product depth, and a streamlined app setup flow for easy installation. The dimmer features a rocker switch with intuitive ON/OFF and DIM/BRIGHT control easily adjusted by the dim/bright bar.

Combine the Decora Smart Wi-Fi 2nd Gen Dimmer with other Decora Smart Wi-Fi devices to create a Whole Home experience with scheduling, lighting scenes, and app control from anywhere. Go beyond a single device by adding smart switches, fan speed controllers, outlets, and more to control lights, ceiling fans, electronics and small appliances.

For control of multiple devices, add the Decora Smart Wi-Fi Voice Dimmer with built-in voice control or the Scene Controller Switch to quickly adjust a room full of Wi-Fi enabled dimmers, switches and more with the touch of a button.

Vanishing LEDs, color change faceplates and wallplates ensure the dimmer matches the aesthetic of other smart and non-smart Decora® devices in the home.

WORKS WITH MY LEVITON

The My Leviton app provides control from anywhere, device customization, scheduling, and management of other Decora Smart and My Leviton compatible devices such as EV chargers and the Leviton Load Center, as well as connectivity to My Leviton integration partners including voice assistants.

- Schedule lights to adjust at specific times or based on sunrise/sunset
- Create lighting scenes and activities to automate multiple devices at once
- Optionally use the auto-shutoff feature to act as a countdown timer in closets, hallways, and bathrooms
- Utilize the Away mode to randomize control of selected devices to provide a lived-in appearance when away from home

SUPPORTS MATTER

Works with all Matter enabled smart devices and Matter certified smart home platforms.

WORKS WITH AMAZON ALEXA

Use your voice to control connected lighting and loads from compatible Alexa devices.

WORKS WITH HEY GOOGLE

Use your voice to control connected lighting and loads with Google Assistant or from the Google Home app.

WORKS WITH APPLE HOME

Add to the Apple Home app using Matter and control using your iOS device or Siri for voice control. This Matter-certified accessory requires an Apple Home hub such as HomePod or Apple TV running the latest software.

WORKS WITH IFTTT (IF THIS THEN THAT)

Use the free IFTTT service to connect your My Leviton devices with a wide range of supported Internet of Things (IoT) enabled devices and services to create a smarter home automation experience.

WORKS WITH SCHLAGE

Use the My Leviton app to connect to your Schlage Encode™ Smart Wi-Fi Deadbolt and trigger lighting scenes based on lock activity. Make certain you never walk into a dark home when you arrive and make sure select lights are turned off when leaving.

WIRED AND WIRE-FREE 3-WAY/MULTI-LOCATION CONTROL

Whether new construction or retrofit, a solution is available for 3-way and multi-way applications. Wired Dimmer and Switch Companions offer additional in-wall control locations with matching LEDs and communication when a traditional traveler is present.

For retrofits, Decora Smart Wi-Fi 2nd Gen devices are compatible with Decora Smart Anywhere Companions, which are easily installed with no wiring required. These wire-free multi-location devices look like a traditional dimmer and switch, install quickly, and have a 5-year battery life.

FEATURES AND BENEFITS

- Control your lights from anywhere using the free My Leviton app for iOS and Android, no hub required
- Schedule lights and connected loads to dim/brighten or turn ON/OFF at specific times or based on sunrise/sunset, easily group your smart devices into rooms, and create scenes to activate multiple lights at once
- Schedules are stored in onboard device memory and will continue to run even during a temporary internet outage
- Supports Matter – works with all Matter enabled smart devices and Matter certified smart home platforms
- Full range dimming performance with LED, CFL, Incandescent, Halogen and Magnetic Low Voltage bulbs
- Custom dimming settings in the My Leviton app for preset lighting levels, fade rates, bulb types, night settings and more
- Works with My Leviton, Amazon Alexa, Hey Google, Apple Home/Siri, IFTTT, SmartThings, Schlage
- Requires a neutral wire for installation
- Connects to Wi-Fi; No hub required with My Leviton app
- Double press the top rocker to turn ON at max brightness
- Ease of installation with a product depth of 1.3” and wire leads
- Off Means Off – Low-wattage LED bulbs always turn completely off
- Vanishing LEDs and 6 color choices ensure a perfect match with other Decora devices (see ordering information)
- Supports 3-Way/Multi-Location with Wired or Wire-Free Anywhere Companions
- Using My Leviton, control up to 99 devices, 50 rooms, 50 activities, and 50 schedules per residence and up to 20 residences per account
